

The decision I'm avoiding: _____

1 · Define, Prevent, Repair

WORST THAT COULD HAPPEN	HOW I COULD PREVENT IT	HOW I COULD REPAIR IT

2 · Benefits of attempting (even partial success)

3 · The cost of inaction

IN 6 MONTHS	
IN 1 YEAR	
IN 3 YEARS	

Score each worst case 1–10 for impact and how recoverable it is. Most turn out to be a temporary 4 — while the cost of inaction compounds every year.
